This program is being coordinated by Jaime, a Recreation Therapist, who will do her best to make sure everyone has a great time.

Research

This program is being evaluated as part of a research project led by the University of Calgary's Dr. David Nicholas. All participants will be asked to participate in the research project, but involvement is totally voluntary. Participants do not need to agree to be part of the research project to participate in the Board Games Café. The University of Calgary Conjoint Faculties Research Ethics Board has approved the research study.
