Having Fun Building Early Reading Skills!

Who should participate in Word Play?

Word Play is a great program for any student in Grade 1 or 2. It is particularly valuable for students who:

- Appear to be lagging behind their peers or siblings in gaining basic reading skills
- Love stories or reading with mom and dad, but do not want to read on their own
- Seem to be experiencing some difficulty in learning letter names and the sounds that letters make
- Are looking for opportunities to practice reading and have fun!
