

## Foundations in Reading Remediation Summer Workshop for Teachers and Education Professionals

---

*The Foundations in Reading Remediation Workshop*, held over five afternoons, provides participants with knowledge and skills to support students with reading difficulties. Learn practical strategies for use in classroom or one to one teaching environments.

Some of the topics covered in the workshop include:

- Acquisition of reading skills
- Reasons why some students struggle to acquire reading skills
- Intervention strategies to support struggling readers

Comprehensive course material including workbooks and teaching material is provided.
